Dear Mr. Weisberg,

I've greatly enjoyed your books Never Again, Martin Luther King - the Assassination, and Case Open, and would like to know if any of your early books such as Whitewash are still in print or available - I cannot find them and am wondering if they are ever going to be reissued or if you have them for sale, especially Whitewash - the Report on the Warren Report. If you have them for sale it would be greatly appreciated if you could send me an order form or tell me which publishing company to write to. ~~They~~ The ones I've read so far are among the very best of all on the subject of the Assassinations.

PLEASE SEND INFO TO:

Thank you very much
Sincerely,
